

## September Ministry Assistant Report

September was packed with outreach ministry opportunities. The Fords opened their back yard to the first of hopefully many movie nights. We were blessed by KFC families, members including Pastor Shay, and community members to share popcorn and the “Facing the Giants” movie.

Revive took the contemporary service to the community, at Leaser Lake. God blessed us with a beautiful morning. Aside from our “regulars,” there was a picnicking group set up and was attentive during worship. We were also joined by a kayaker who paddled to the shoreline for the message. Ron Nadeao molded worship to reach out to the diverse crowd. Our second planned lake service was relocated inside due to the threat of weather.

The first Tuesday in September began my next college class. Theology I. The class has taught me a lot about why there are so many different looks at the Bible. One of the main issues with peoples’ theology is that they only look at parts of the Bible and reject or ignore the parts that would prove them wrong. Some of the controversial theologies are in the Holy Spirit, Christ incarnation, Creation and Salvation itself. I have a greater appreciation of understanding the themes and truths that are in the Bible as a whole after this class.

Revive has been going well. We have seen a few new families come and worship with us. Out of those a few more have stayed and became connected to the ministry. We are always looking at different ideas to reach into our community. Movie night, Lake Side service, Ice cream giveaways are just some of the examples of these outreaches. In October we will be taking a hay ride into town to create an opportunity to reach out to people and try to start a relationship with them. Our worship teams have been doing a great job of allowing God to work through them and bless our worship time.

Acts 6:4

But we will devote ourselves to prayer and to the **ministry** of the word.”
